

March 16, 2020

Daigle Oil Company has implemented a NO VISITOR policy at our home comfort offices as a precautionary means to limit contact with the public amid the COVID-19 outbreak. This decision was made to help keep our customers, vendors and employees safe.

Customers wanting to drop off a payment can do so by using the drop box provided at each home comfort office.

All Daigle Oil Company offices remain fully operational and our team looks forward to providing continued service to our customers. Customers can call their local home comfort office to request a fuel delivery, inquire about service or have any specific account question answered.

Fuel order requests and payments can also be made on our website located at www.daigleoil.com.

We thank you for your business and patience during this challenging time.

Stay safe. - *Daigle Oil Management*
